“ALL 50” State Corvette Road Trip Only 7 States from Grand Finish!!

USA – June 19, 2003 - 2003 marks both the **50th Anniversary of Corvette**, “America’s sports car”, as well as Corvette enthusiast **Ray Ehly, Jr.’s 50th birthday**. Ray hails from **Alpine, California** in **San Diego County**.

To commemorate both occasions Ray and a custom-built, brand new **2003 Corvette Z06** have been undertaking **“All 50,” a continuous road trip encompassing all 50 United States including both Alaska and Hawaii**. It’s been quite a journey!!

Some highlights of the trip so far (most recent first):

On Wednesday, June 18, 2003 (day 55 of trip), **Ray visited Plymouth Rock in Plymouth, Massachusetts**

On Tuesday, June 17, 2003 (day 54 of trip), **Ray visited “Ground Zero” in New York City, New York**

On Monday, June 2, 2003 (day 39 of trip), **Ray entered Wisconsin, State # 25 of his journey, officially marking the halfway point in his trip.**

On Wednesday, May 28, 2003 (day 34 of trip), **Ray hit the 10,000 mile mark of his trip!**

On Wednesday, May 7, 2003 (day 13 of trip), **Ray supervised the loading of his Z06 onto a cargo ship bound for Alaska, a four-day sea voyage. Ray flew up that weekend and was reunited with his ‘vette for two days of driving around Alaska, thus establishing the “Alaska-leg” of the trip.** The return trip by sea took an additional four days.

On Thursday, May 1, 2003 (day 7 of trip), Upon returning to the mainland (from Hawaii), **Ray caught the eye of the world-renowned Petersen’s Automotive Museum in Los Angeles who extended a spontaneous invitation for Ray to participate in their special “Corvette Day”** scheduled for that Saturday. Ray and his Z06 joined the celebration which included one car from each of the 50 Years the Corvette has been in existence.

On Wednesday, April 30, 2003 (day 6 of trip), **Ray loaded his Corvette onto a cargo plane at Los Angeles International Airport and flew it to Honolulu Hawaii.** Ray met the car first thing in the morning and drove around the island of Oahu, officially establishing the “Hawaii-leg” of his adventure.

Ray accepted “museum-delivery” of his Z06 at the National Corvette Museum in Bowling Green, Kentucky on Wednesday, April 23, 2003 and embarked on his trip two days later.

For the final leg of the trip, Ray will join the “Indiana Caravan” of Corvette owners from Indianapolis, IN. (not before a lap or two around the famous speedway) to the Corvette Museum at Bowling Green for the official 50th Anniversary festivities on June 26, 2003.

Much more detailed information is available on Ray’s website: www.all50corvette.com which offers a map of the journey so far, daily position updates, journal entries, digital images from the road and even souvenir items like t-shirts, hats, mugs, etc.

Ray custom-ordered his **“Millennium Yellow” Z06 Corvette** on March 3, 2003 from **Bob Stall Chevrolet in La Mesa, California.**

Chevrolet is in Ray’s blood. His great grandfather started Kiefer Motors in Moorhead Minnesota in 1907. Ray’s family had Kiefer Motors and Chevrolet for 70 years. As a kid growing up, Ray hung out with his grandfather Jake who owned Kiefer Motors and got to drive a lot of new cars.
